

2018 IECC Education Effort

Ryan Meres

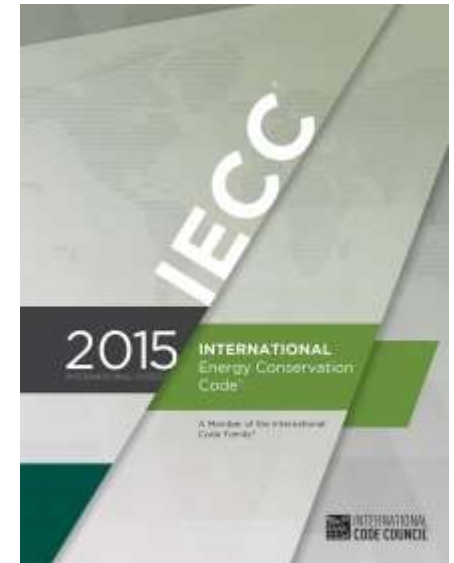

NASEO Buildings Committee Meeting
Providence, RI

September 12, 2016

The need for an education effort

- Help voters make informed decisions
 - Limited testimony at hearings
 - Educate
- Increase voter pool
 - Fewer than 150 votes in past cycles
 - Online voting allows more involvement
 - Beyond “Code” Officials
 - Sustainability & Energy Officials
- Engagement in off-cycle years
 - On-going training/education
 - State/local adoption efforts
 - City/State partnerships

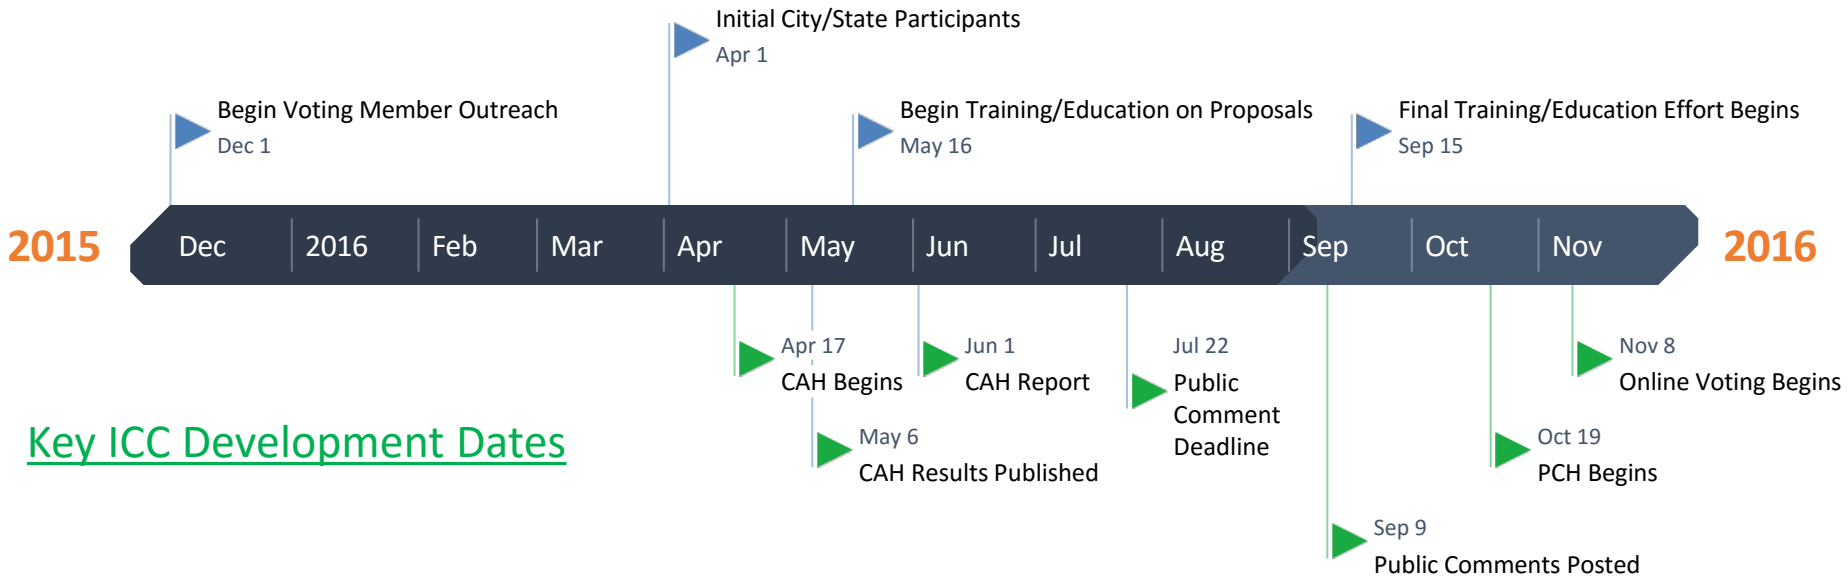

Vision and Goals

- **Mission/Vision:**
 - To create and sustain a coalition of leading cities and states dedicated to the development and implementation of better building energy codes.
- **Goals:**
 - Support development of a better 2018 IECC
 - Use development process as starting point for comprehensive education and support
 - Support city/state efforts in adoption, enforcement, and compliance

Beyond 2016: opportunities for city and state collaboration

What's next?

ICC Gov. Members Fill Voting Rosters

- SEO's each get 12 votes
- Deadline: Sept. 19
- Gov. Member Primary Representatives can visit <http://www.iccsafe.org/EVDS> to log in and access the voter designation form.

The screenshot shows a web browser window displaying the ICC website. The address bar shows the URL: <http://www.iccsafe.org/communications/deadline-to-validate-voters-is-sept-19/>. The website header includes navigation links: My ICC, Login, Sign Up, Contact Us, iccACCESS, and Search Here. The main navigation menu includes: About ICC, Membership, Codes & Tech Support, Education & Certification, Store, and Forums. The main content area features a large banner with the text "Deadline to Validate Voters is Sept. 19." and a background image of a construction site with a white hard hat in the foreground. Below the banner, there is a "Go Back" button and a "DeWalt HVAC Code Reference, Second Edition" advertisement. The main text of the page reads: "ICC Primary Representatives must validate their Governmental Member Voting Representatives by Sept. 19 to vote at the 2016 Annual Business Meeting - Group B Public Comment Hearings, or the online Governmental Consensus Vote that follows the hearings. The Electronic Voter Validation site will remain open through Sept. 19. Questions can be emailed to ICC Membership Services (members@iccsafe.org) or call 888-ICC-SAFE (423-7233), ext. 33604."

Vote!

- Visit cdpACCESS.com
- Log in with your My ICC email and password
- Make sure your log in and your voter designation emails match
- Online Voting: November 8-21 (anticipated)

Proponent: Shaunna Mazingo, Colorado Code Consulting, LLC, representing Colorado Chapter of ICC, Inc (smazingo@coloradocode.net)

The following is the proposed text in legislative format:

Revise as follows:

601.3 Application. Buildings and their associated building sites shall comply with Section 601.3.1 or Section 601.3.2 Buildings shall be designed and constructed in accordance with the *International Energy Conservation Code*.

601.3.1 Performance-based compliance. Buildings designed on a performance basis shall comply with Section 602, 608.6, 609, 610 and 611. Section 602 and the commercial mandatory and performance based requirements of the *International Energy Conservation Code*.

601.3.2 Prescriptive-based compliance. Buildings designed on a prescriptive basis shall comply with the requirements of Sections 606, 606, 607, 608, 609, 610 and 611. Section 602 and the commercial mandatory and prescriptive based requirements of the *International Energy Conservation Code*.

601.4 Minimum requirements. Buildings shall be provided with metering complying with Section 603, and commissioning complying with Section 611. Where required in accordance with Section 604.1, building shall be provided with automated demand response complying with Section 604.

601.5 Multiple buildings on a site and mixed-use buildings. Where there is more than one building on a site and where a building has more than one use in the building, each building or each portion of a building associated with a particular use shall comply with Sections 601.5.1 or 601.5.2 or a combination of both.

FREE RESOURCES FOR ENERGY AND CODE OFFICIALS

Make your vote count! The International Energy Conservation Code (IECC) is under review and will be voted on during the International Code Council's Group B Public Comment Hearings in Kansas City, Mo., from Oct. 19-23, 2016. To assist busy state and local code officials in making key decisions on proposed changes, the Institute for Market Transformation (IMT) and the National Association of State Energy Officials (NASEO) are offering a series of free resources analyzing this year's key proposals. Sign up now to receive access to these timely materials.

Thank you!
